

Reedsport K9 Shelter

Is a no-kill Shelter located on West Railroad Avenue off Port Dock Road in Reedsport, Oregon. Operating under the Reedsport Police Department it is staffed by a volunteer manager and a group of dedicated volunteers who care for the many dogs received from the coastal area of Douglas County. The City of Reedsport has a very small budget for the maintenance of the building, property and utilities of the shelter. The dogs needs are supplied totally by funds, food, and assorted needs donated by benefactors in our community and abroad. Local veterinarians donate their services, medicines, and supplies at reduced or no cost to the dogs in need.

Adopting a Friend

There is no adoption fee, nor do we give dogs away. We do ask for a donation (so we may continue caring for the animals in our facility). Dogs we have that are spayed/neutered, vaccinated & chipped or have had to have medical treatment, require a little larger donation. We require the new owner spay or neuter the dog (if the dog has not already been) within a specified time period and vaccinate and license the dog in the county where they reside.
