

WILDFIRE PREVENTION DIRECT ASSISTANCE REQUEST FORM

February 2024

HOW TO REQUEST ASSISTANCE

1. Please fill out the Direct Assistance Waiver of Liability Form.
2. Email the completed forms to the City of Reedsport, Project Administrator, at msalles@cityofreedsport.org
3. Reach out to the City office at 541-271-3603 ext 1016. We will follow up with you as soon as possible.

Thanks to the Oregon State Fire Marshal (OSFM) Grant, we are able to work with our Fire Marshall to directly help homeowners in the Reedsport area reduce the wildfire risk around their homes.

To request assistance with the removal of fire-hazardous vegetation, please fill out the Release and Waiver of Liability found down at City Hall, 451 Winchester Ave. Reedsport, or included here on our website.

This service is available at no charge to residents located adjacent to City ROWS* thanks to the OSFM Grant, the Community Wildfire Risk Reduction Program, and other partnering organizations.

If your home is located to an adjacent City ROW* you can turn in your completed forms to the Project Administrator at City Hall, 451 Winchester Ave in Reedsport, or via email to msalles@cityofreedsport.org

While we will try to help as many Reedsport residents as possible, this service is not guaranteed. This service does not include stump removal or replanting but, will help residents remove the wildfire risks associated fire-hazardous vegetation.

The goal here is not to eliminate fire but to interrupt fires path and keep it smaller on the ground.

* See notated City map below, indicating City ROWS.
